

## Car Control Drills Program Automobile Safety Inspection (ASI) Form

**STUDENT:** \_\_\_\_\_

**MAKE / MODEL / YEAR / MILEAGE:** \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_

**INSPECTION DATE / INSPECTION LOCATION:** \_\_\_\_\_ / \_\_\_\_\_

No **FULL-size** SUVs (Suburban, Expedition, Sequoia, Armada, etc.), **FULL-size** pickup trucks or **FULL-size** vans. Convertible tops must be up and removable doors (ex. Jeeps) must be installed.

BSDD strongly recommends an **ASE Certified** mechanic inspect any vehicle 15 years or older and/or with mileage higher than 150,000 miles. BSDD reserves the right to disallow any vehicle deemed unsafe for use in the CCD Program.

While anyone (parents, auto dealership, repair facility, local mechanic) can perform the ASI, **it must be completed** before the student's date of enrollment and **it must be signed** by an adult.
